The Prayers of the People are often part of our service. These prayers offer the thanksgivings and the concerns of our congregation. The Prayers of the People are written and presented by our members rather than by the minister.

The Worship team invites everyone who is interested in prayer to come to this special inaugural workshop to learn about "*The Prayers of the People*". Peggy will lead the discussion.

We also encourage all of those who have been involved previously to join us and share your ideas with those who may now interested. There is no obligation to pray in public.
