Sharing The Space Kitchen Konversation

Kitchen Konversation report:

Our plan is to establish Healthy Kitchen Practices and these will be Expanded and posted.

- 1) To use Fair Trade products
- 2) Keep all food stuff in glass jars or tight plastic containers.
Keep silver ware in zip-lock bags or containers. (Safe-guard against mice)
- 3) Use recycle products instead of styrofoam products. Better to use real dishes.
- 4) Share the space together. (All our social events are usually combined now)
- 5) All tea and coffee supplies are combined and in cupboards beside the stove.
(There is an a abundance of supplies at this time)

Our hope is to establish a small kitchen committee to oversee kitchen needs such as creating a supply list, clearing fridge of outdated items, regular spray bleaching of counters, etc.

If you are interested in being on this team, please sign up today or call office.
